Cycle Provence September 12 - 23

Come and stay with us at a lovely country villa in the heart of Provence and join us as we cycle through warm stone villages and roman ruins. Of course, a trip to Provence has to include the local cuisine and wine. We will be within easy biking distance of

- Avignon - the papal city
- Arles - where van Gogh painted many of his most famous paintings. Also known for its well-preserved Roman arena
- Les Baux de Provence - a huge medieval castle
- Pont du Gard - a perfectly preserved Roman Aqueduct

Only a few spots left! Call for details & a flyer.

EGRESS FEVER: The act of planning your next escape while on the current one. Remember that the ***December Holiday is the busiest travel season.*** In order to get the trip of your choice at a reasonable price you need to book early. We'd be happy to help you choose the vacation to suit your tastes and budget, whether it's on the slopes in Europe, cycling South America, Kayaking with the whales in Mexico or sipping Margaritas on a beach in Mexico.

Hike Kilimanjaro

AdvenTourUs represents many different reputable tour companies who work with local operators aiming for better conditions for the porters and guides, as well as conservation of the area. We can find you the trip most suitable to your tastes. Choose between the easier Rongai Route, or the more arduous Machame trail to reach the heights of Africa's tallest mountain.
